Longitude West from Greenwich

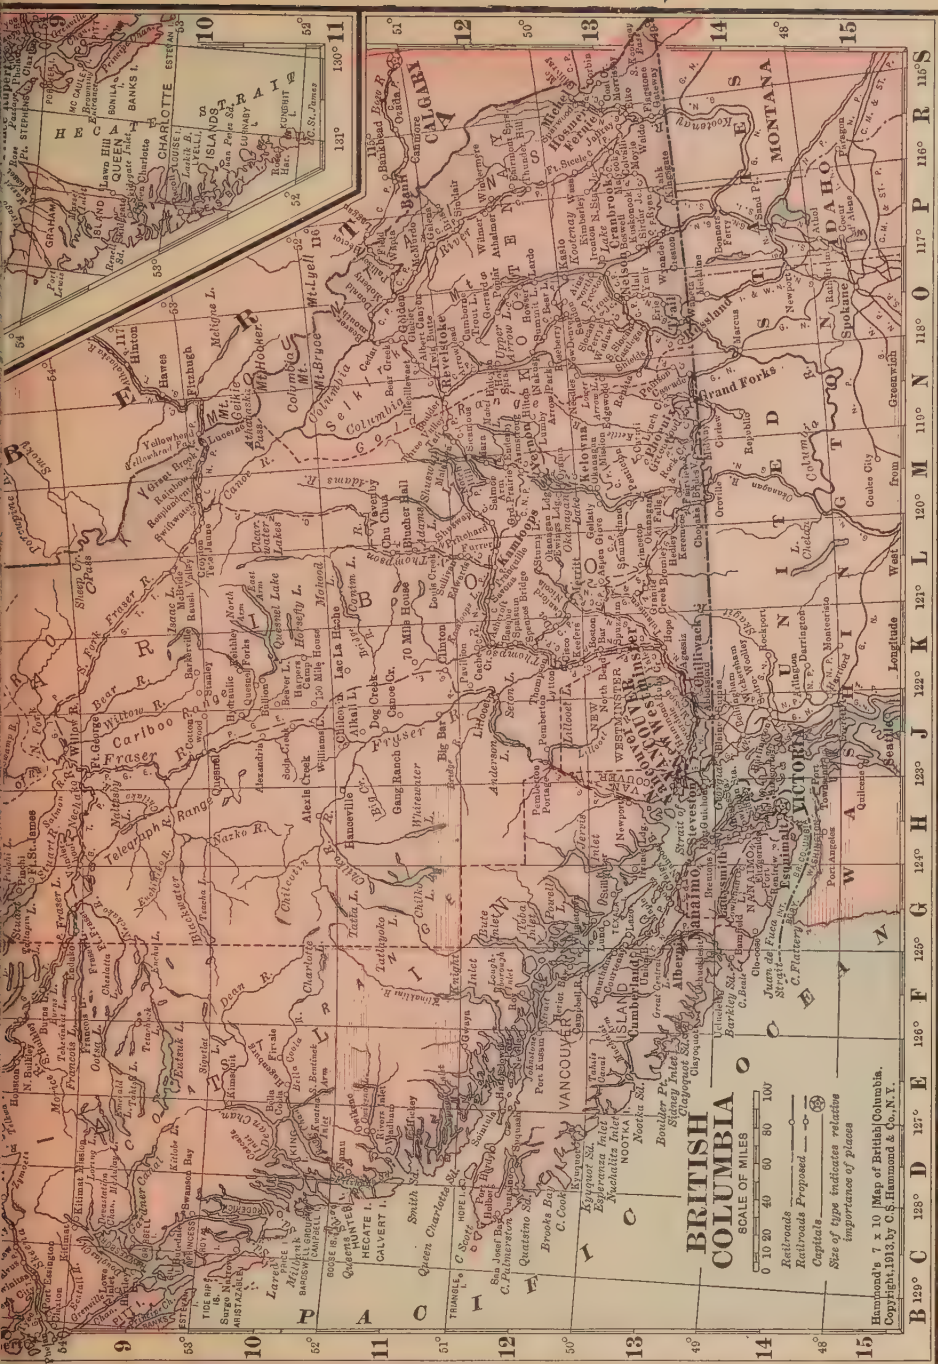

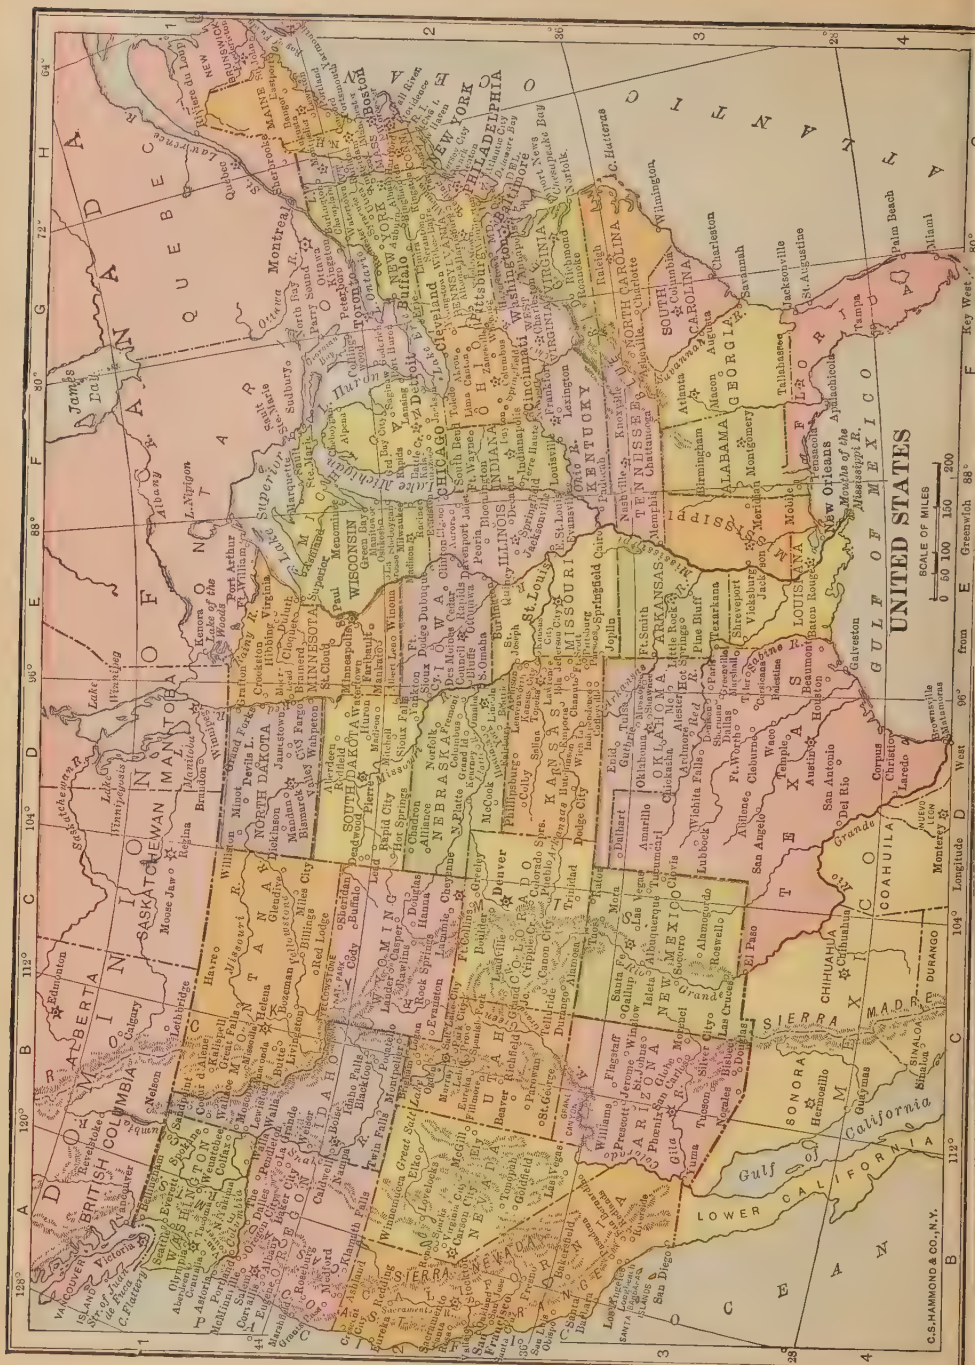

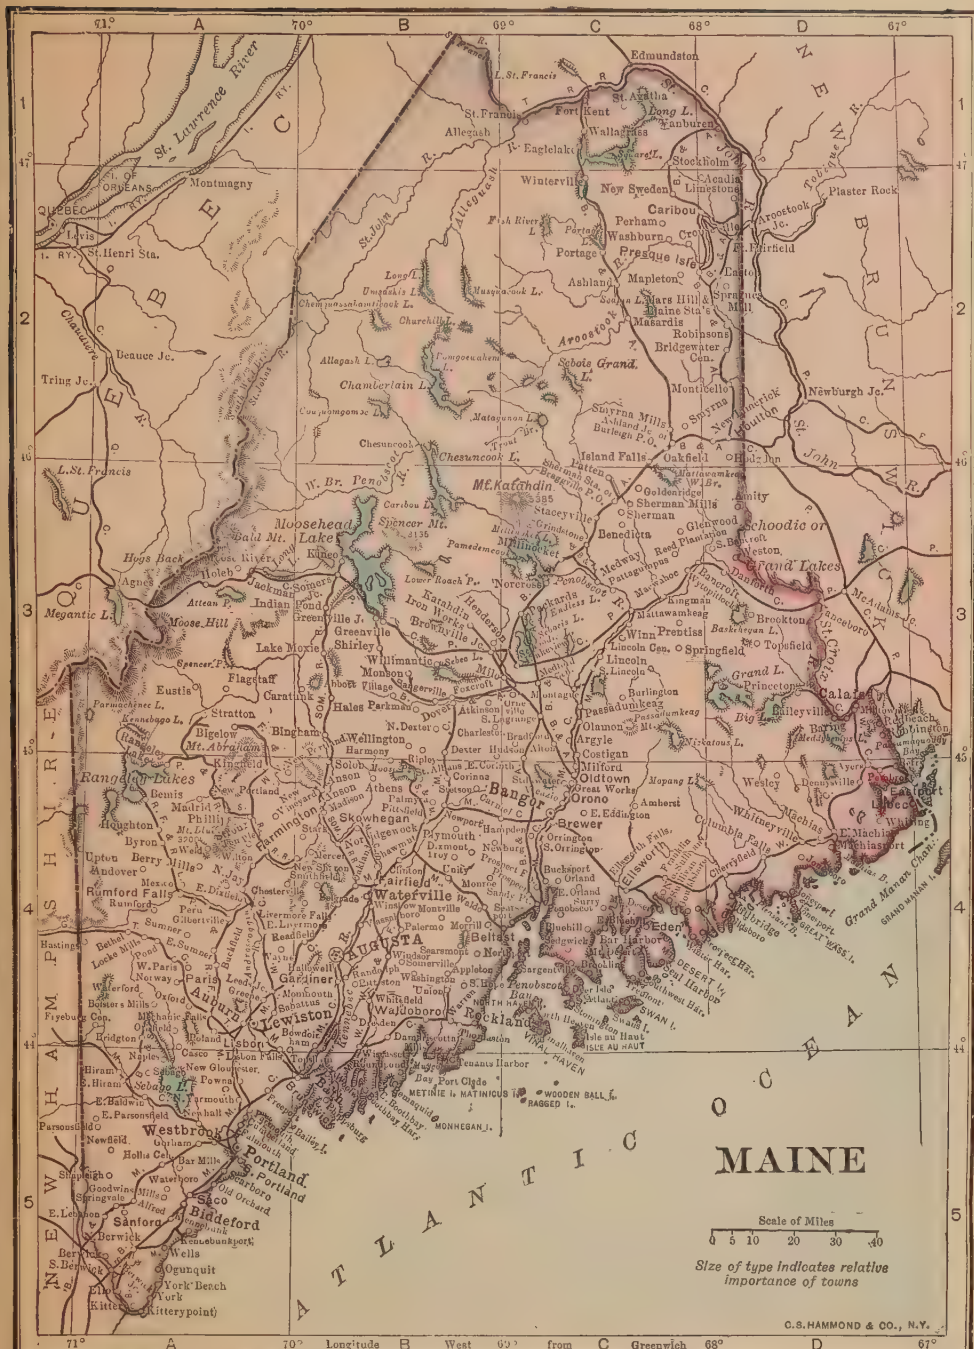

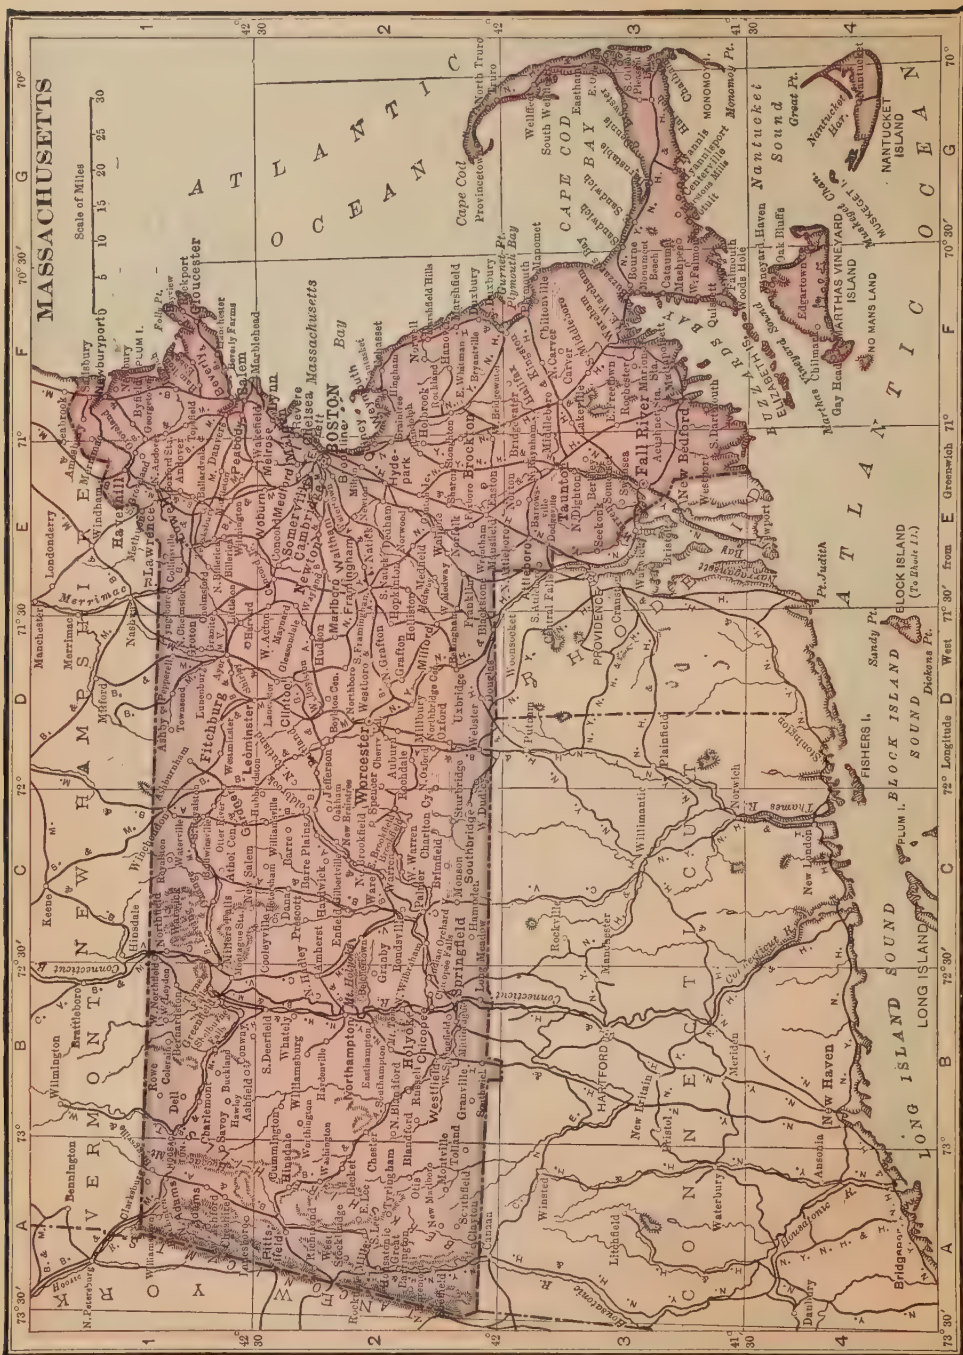

IDAHO

Scale of Miles
0 10 20 40 60

Size of type indicates
relative importance of places.

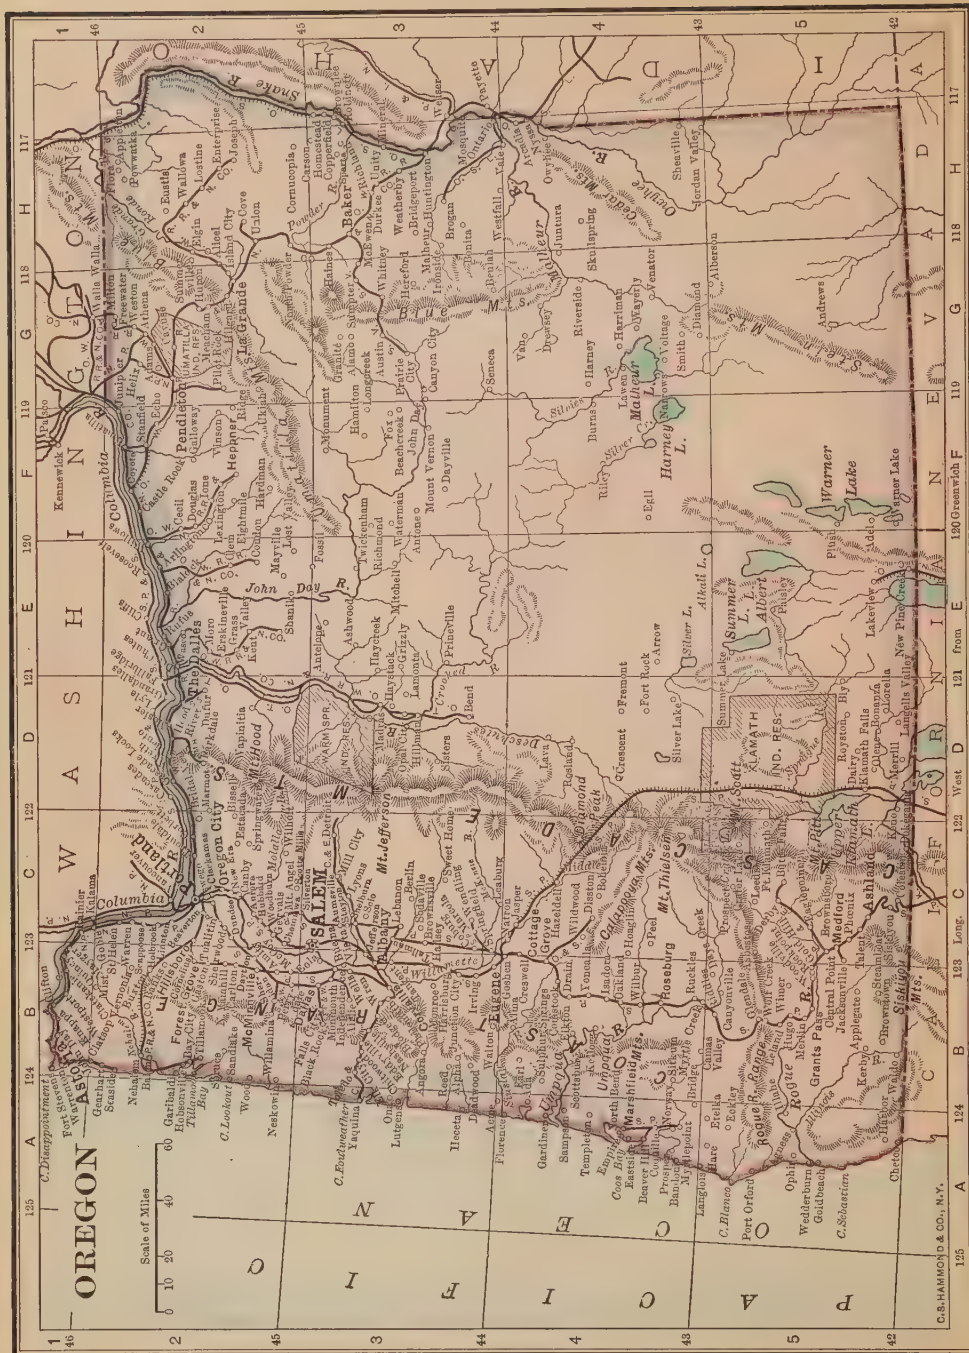

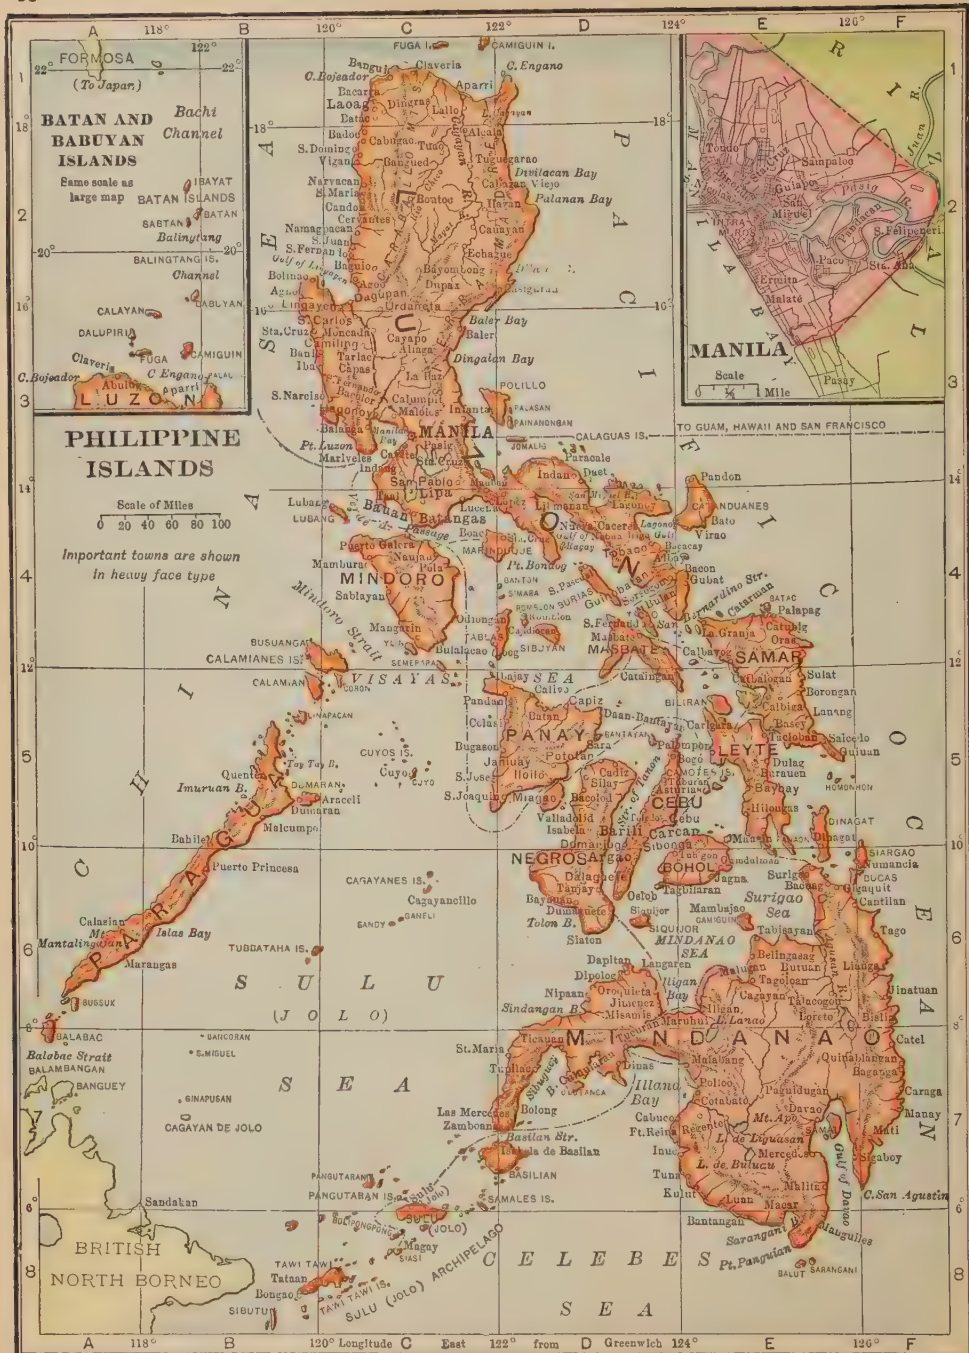

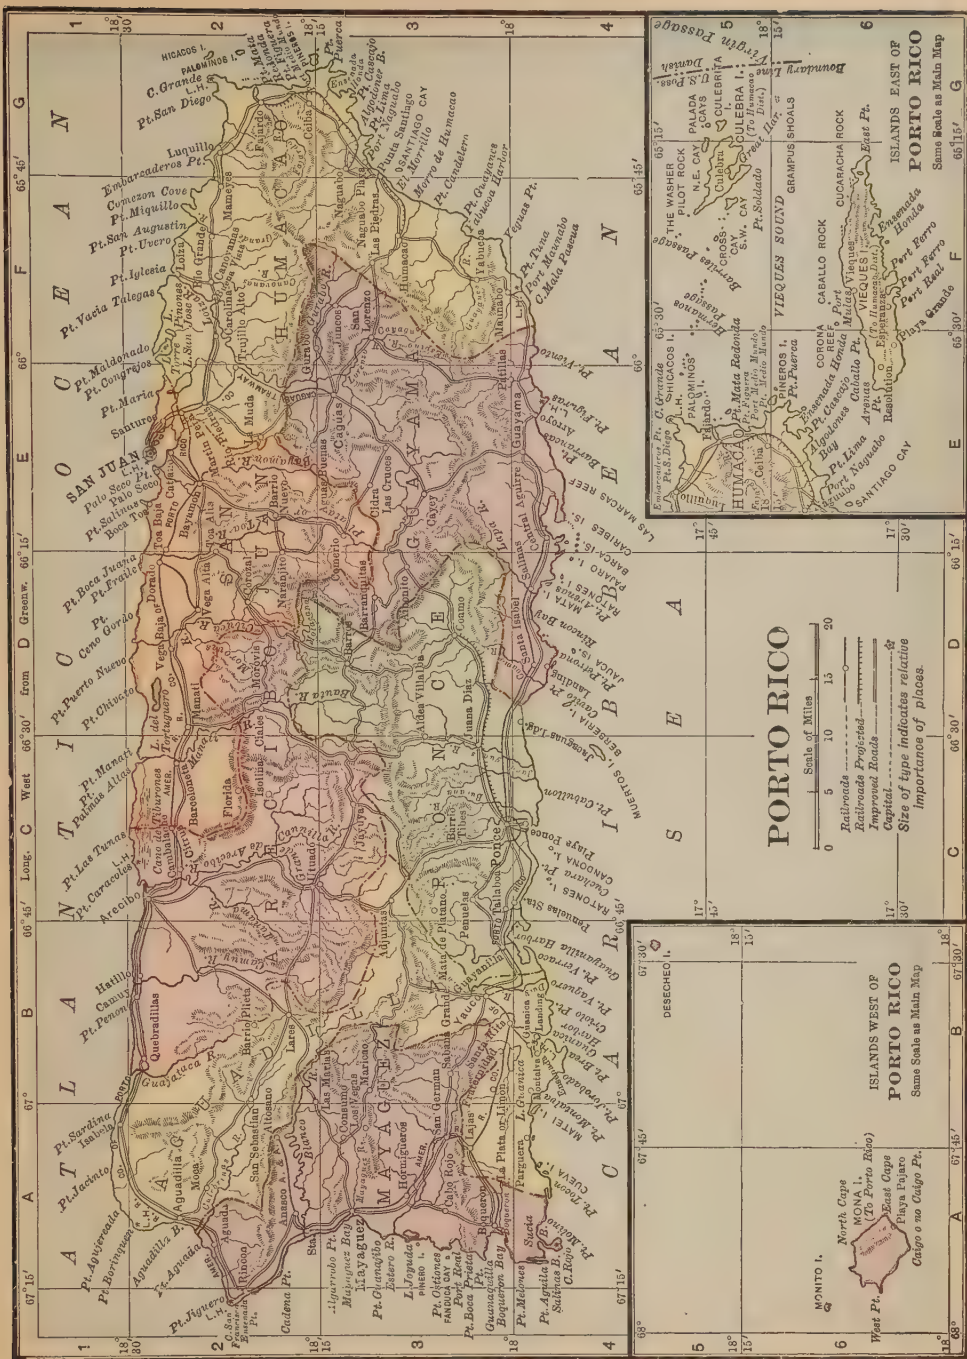

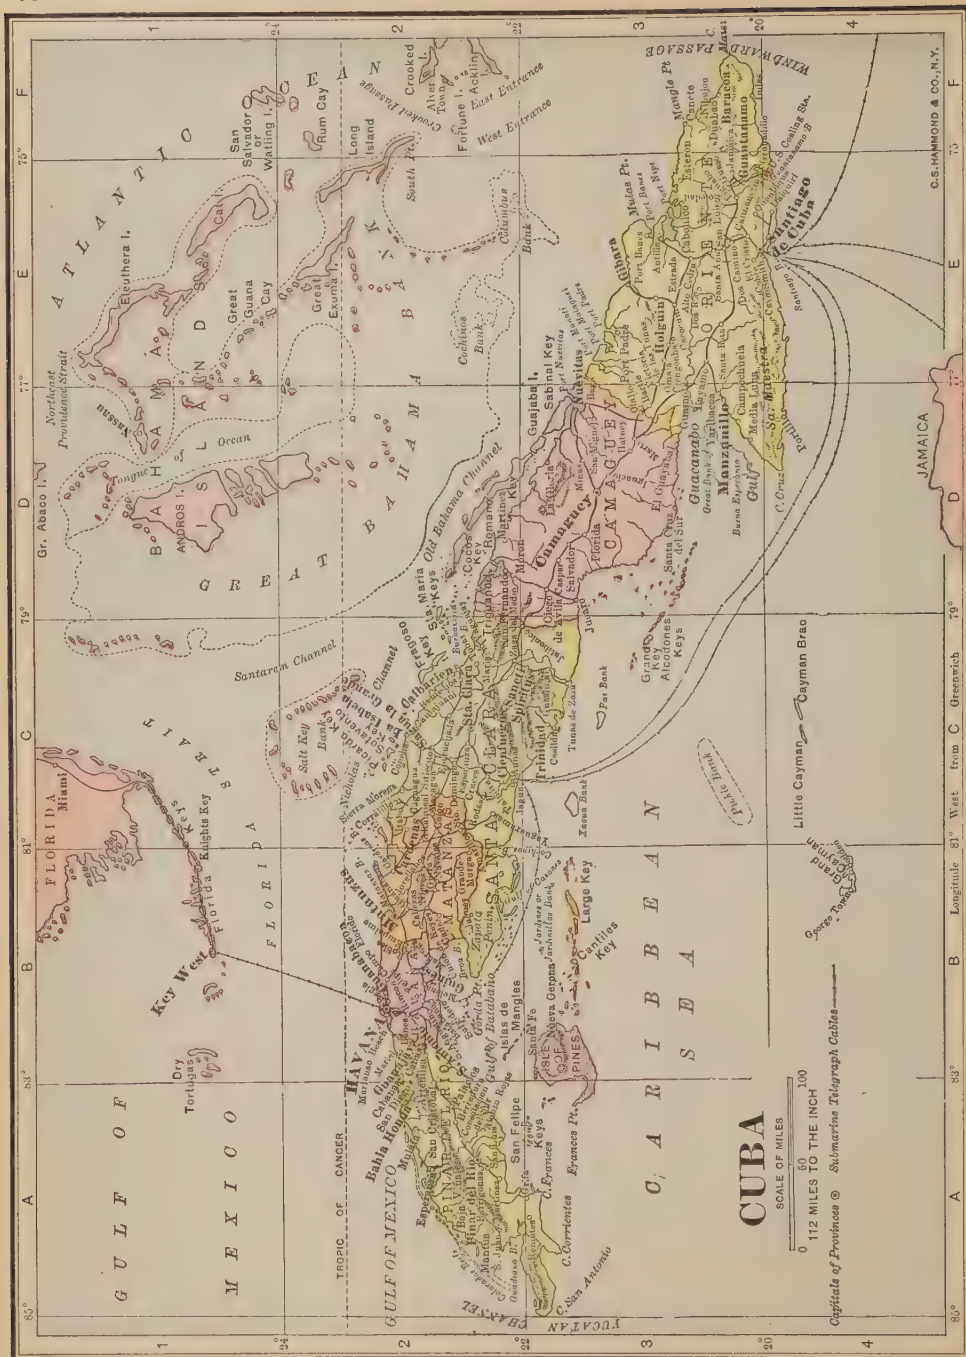

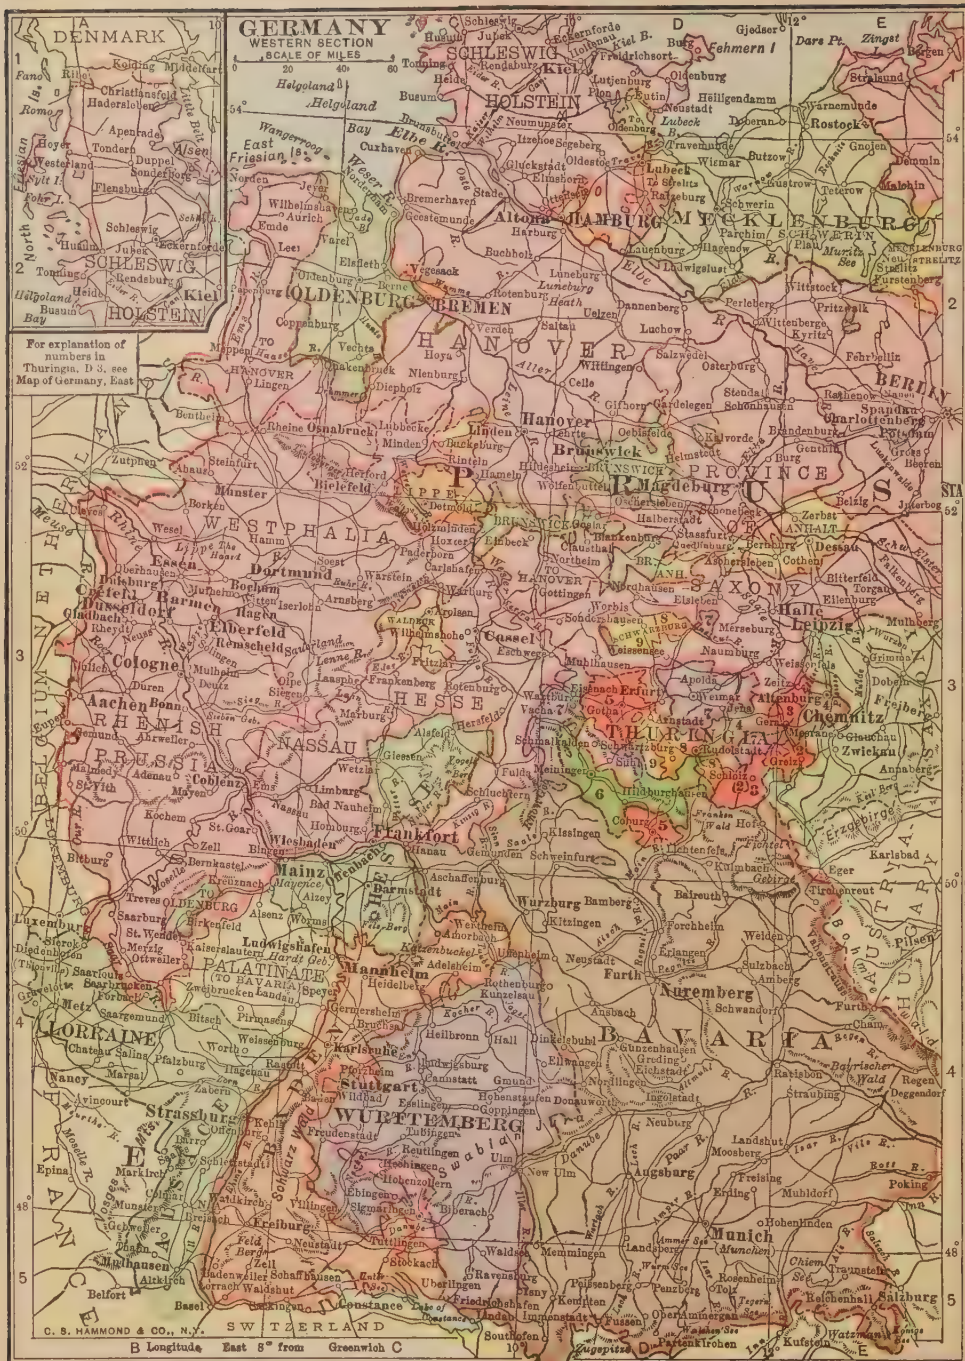

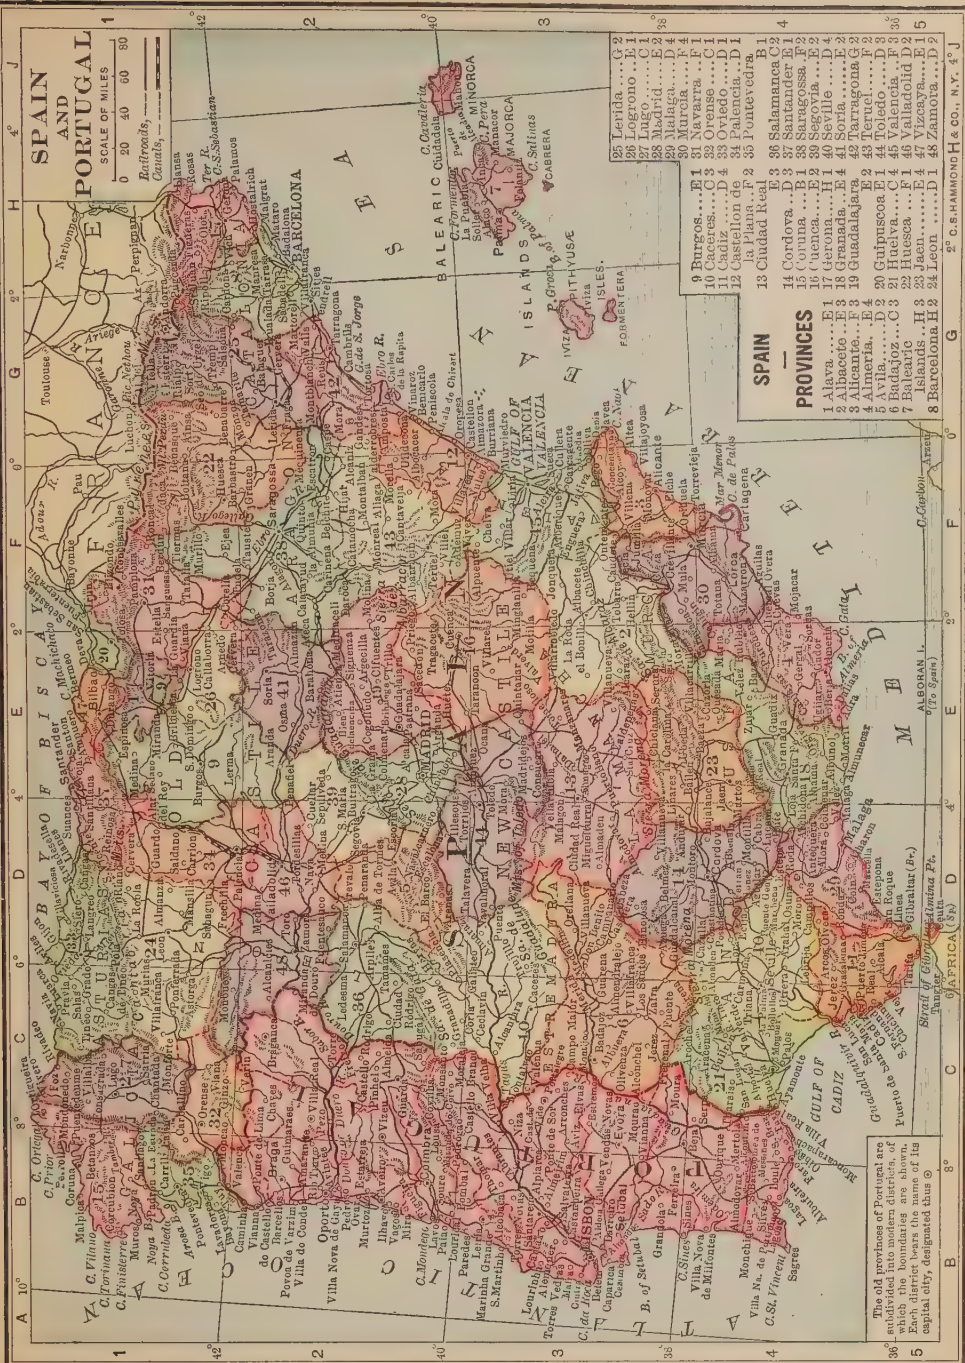

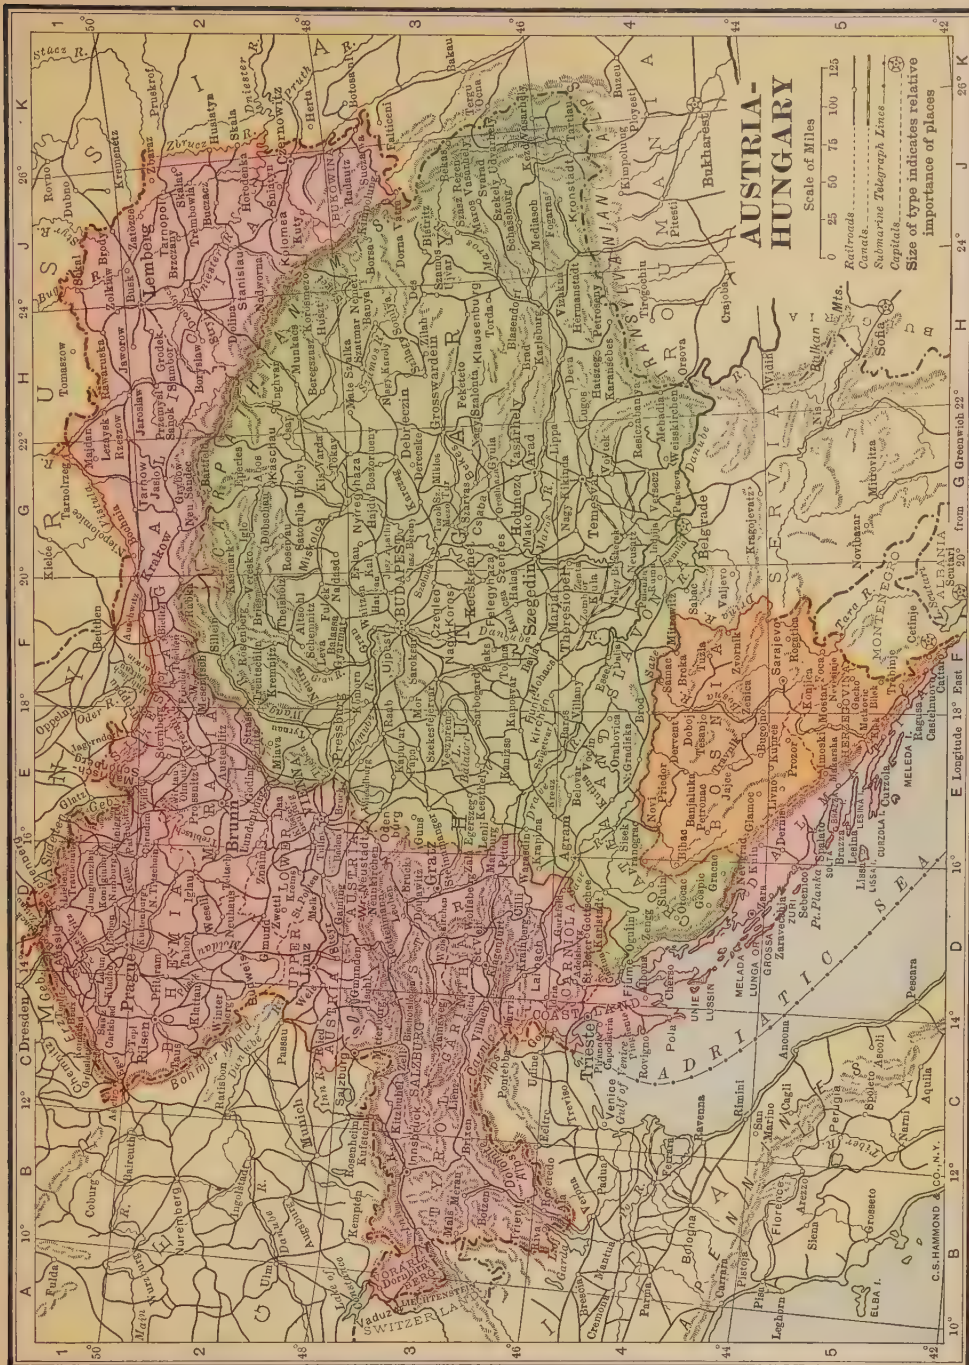

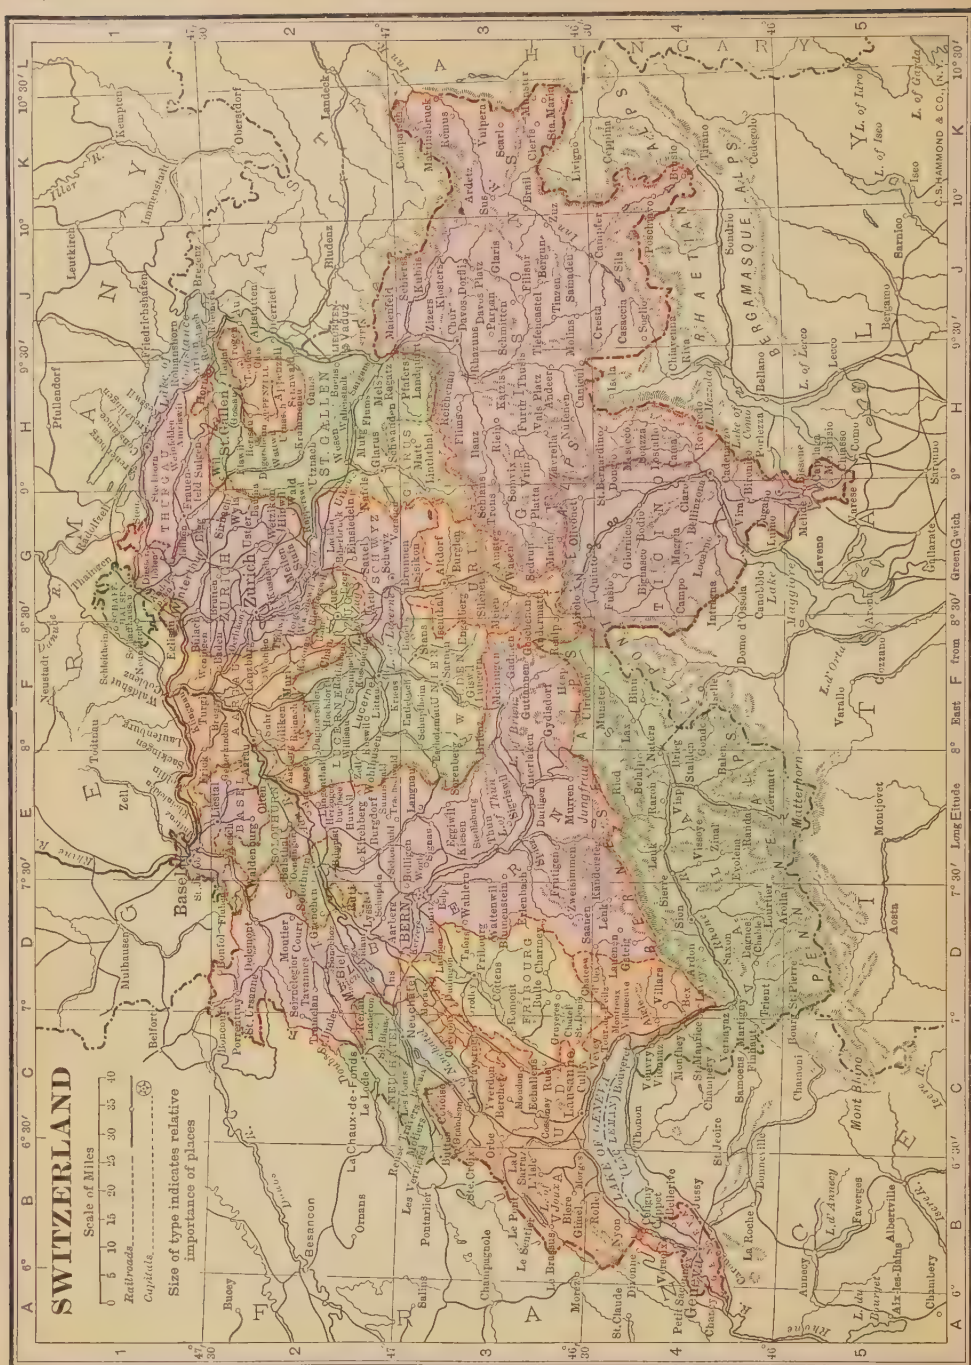

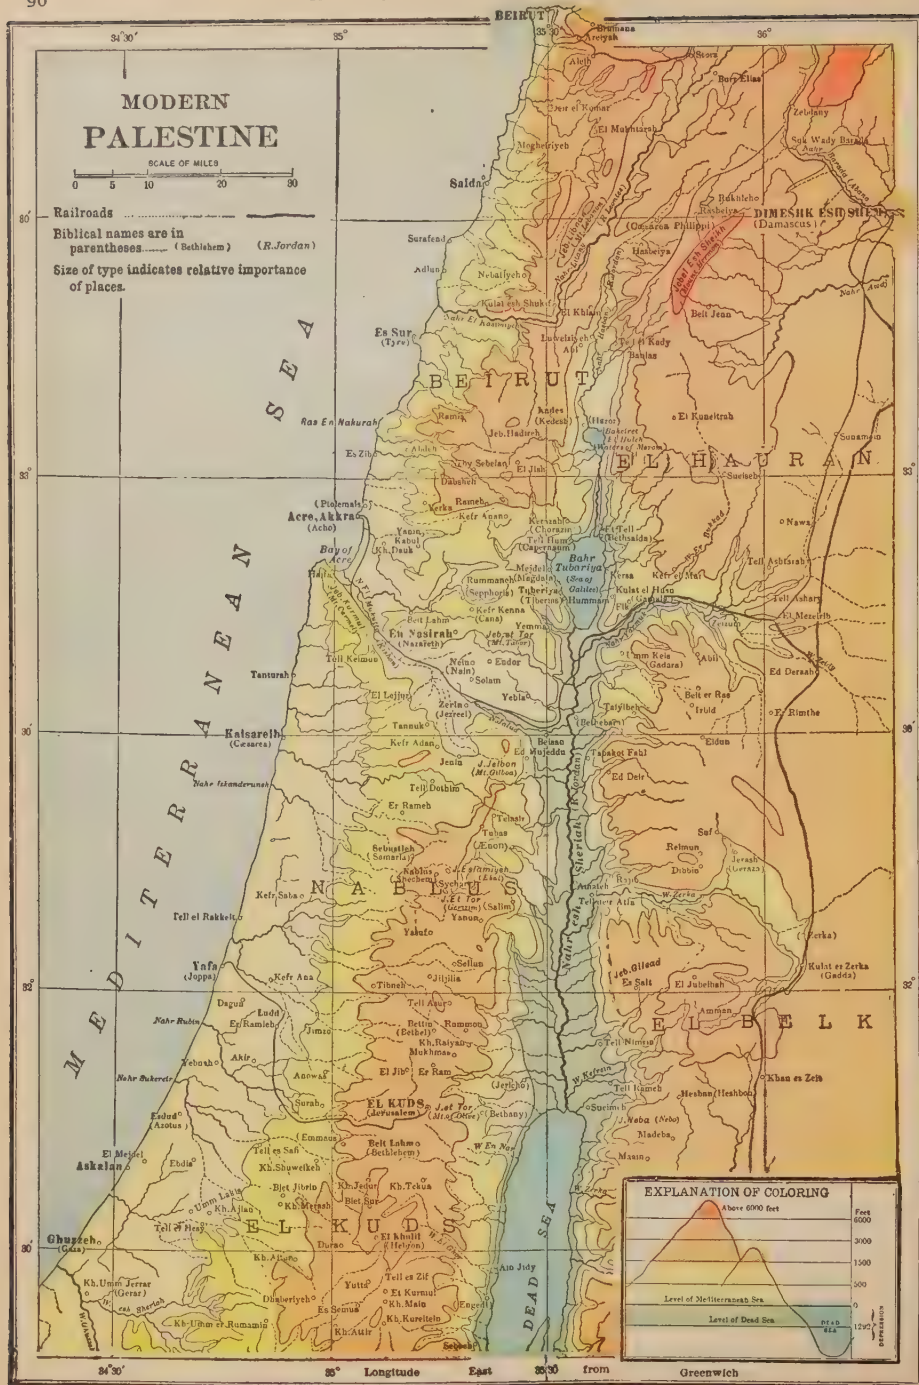

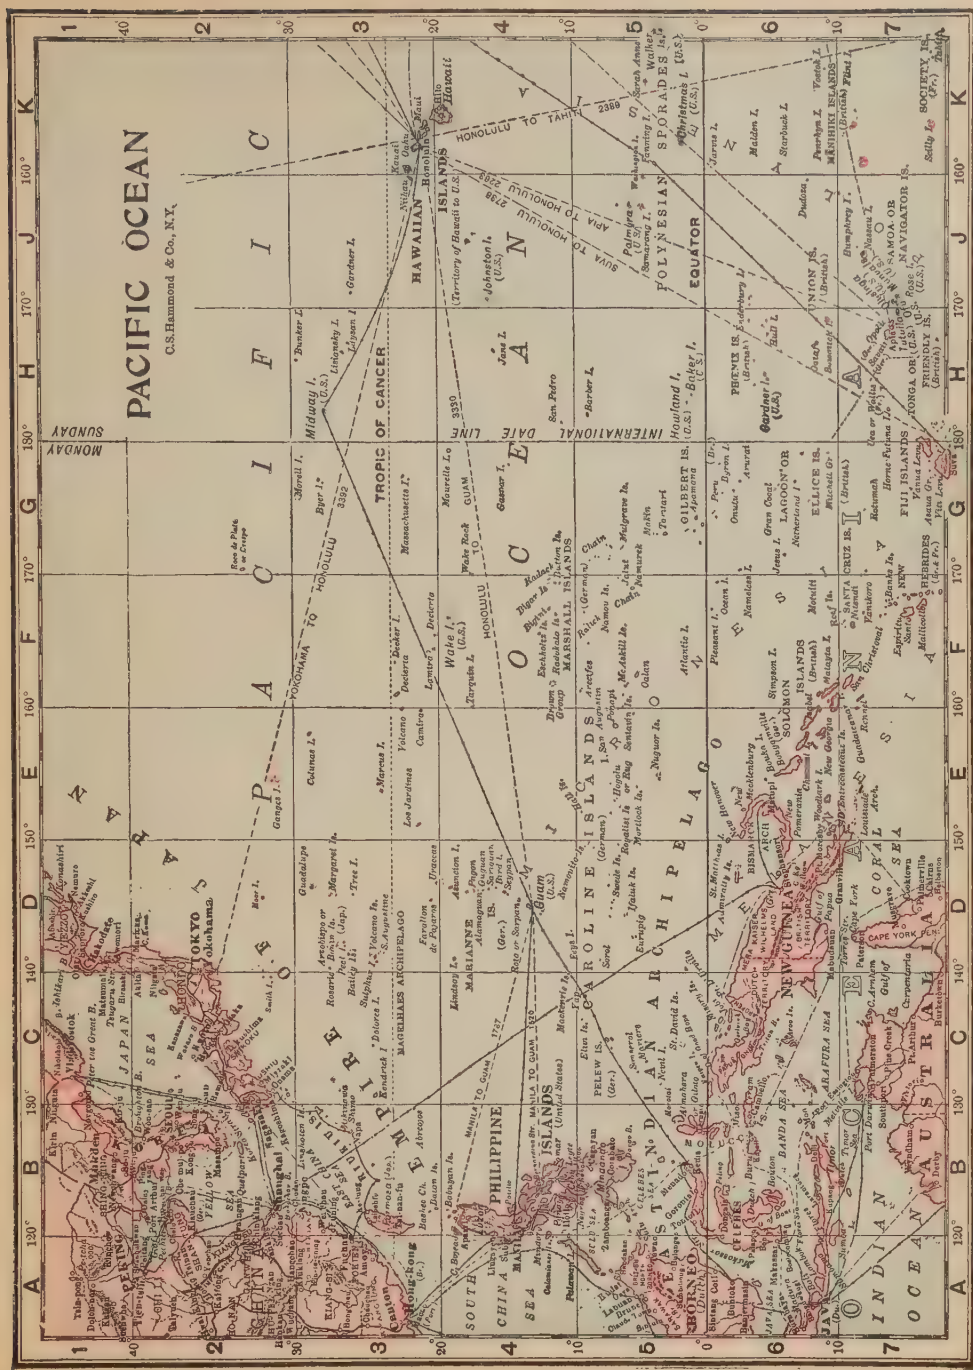

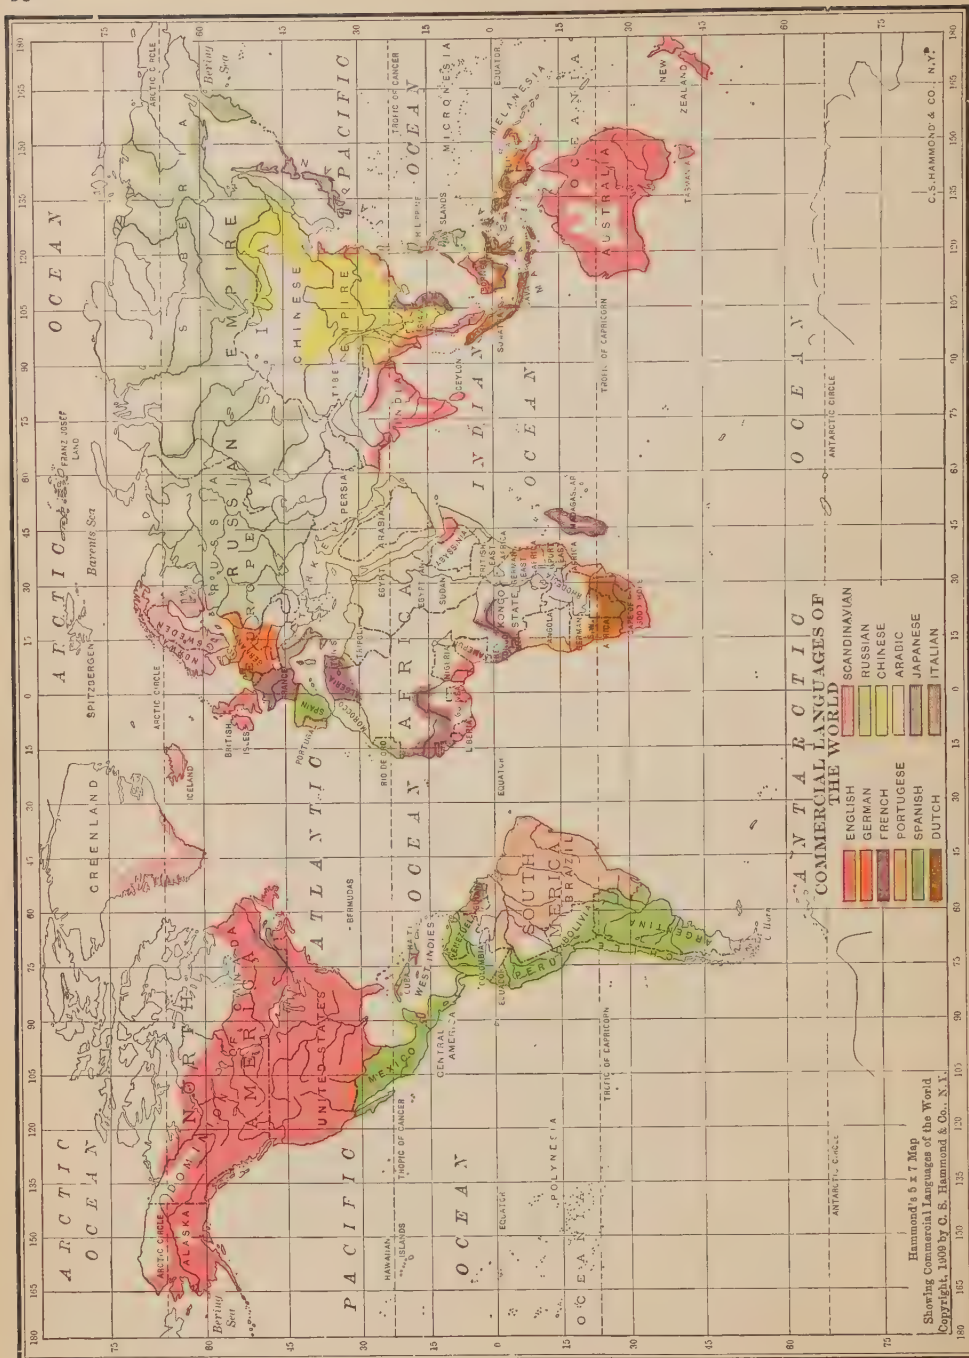

PRINCIPAL CITIES OF THE WORLD

The following list contains the principal cities of the world. In it will be found approximately all places of more than thirty thousand inhabitants and many of those of from twenty to thirty thousand. The population figures are from the latest census or are estimates from the most reliable sources. Capitals of countries and of the states of the Union are indicated by an asterisk (*).

CITIES AND TOWNS OF UNITED STATES

LATEST POPULATION FIGURES

The following list names in alphabetical order approximately all cities in the United States having one thousand or more inhabitants. The numerals at extreme right of column are the latest available census figures or recent official estimates of population. Capitals of States and Territories are in capital letters. Population figures in heavy face type are official estimates of Bureau of the Census as of July 1, 1914. **=** Population of township.
